

ADVANCEMENTS IN PROCESS CHEMISTRY – SCREENING, AUTOMATION AND INNOVATION

18 September 2025 | Boston, US

WORKSHOP

Agenda

- 09:30** Doors open
- 10:00** Opening remarks
- 10:10** **Medium-Throughput Experimental Kinetics for Derisking Chemical Processes**
Presentation by Ángel Luis Mudarra, AstraZeneca
- 10:50** **Leveraging High- and Medium-Throughput Automation for Process Development at Merck**
Presentation by Madeleine Deem, Merck
- 11:30** Refreshment break
- 11:50** **Emerging trends in process chemistry**
An interactive panel discussion with leading scientists at Pfizer, Sanofi, Merck, Eli Lilly, and more.
- 12:50** Lunch
- 13:30** **ReactALL: Automation and innovation in practice**
Presentation by Stephan van Banning, Technobis
- 14:00** **Advancing Process Development: Scalable Reaction Profiling and Modeling with ReactALL**
Presentation by Truong Nguyen, Pfizer
- 14:40** **Streamlining Process Development of Aldol Reactions with ReactALL**
Presentation by Pierre-Louis Lagueur-Tremblay, Sanofi
- 15:20** Closing remarks
- 15:30** **From here forward: Networking over bites & drinks**
- 16:30** Doors close

Workshop location

The Royal Sonesta Boston
40 Edwin H Land Blvd, Cambridge,
MA 02142, United States
